ORDER

The hearing for the above noted matter was scheduled to commence on July 25, 2016. Production of documents by the Respondents were delivered to the Applicant on July 22nd, which did not meet the disclosure requirements under Section 6 of the Rule of Practice.

A motion was submitted by the Applicant, on consent from the Respondents, to adjourn this matter. The Applicant indicated they would not be asking the Panel that considers this matter for an Order of costs related to today's adjournment request. Following consideration, the Panel granted the motion for adjournment and Ordered that it be peremptory on the Respondents. The Panel is not seized of this matter as no evidence was presented by the parties.

It was determined a pre-hearing conference would be beneficial and the parties consented to the Chair presiding over a pre-hearing which occurred immediately after adjournment of this matter. The time required and the dates for the subsequent hearing will be canvassed at the pre-hearing.
